

Find the Hat

Purpose

To practice listening and observing in a “cowboy” version of Noisy Clues.

Steps

1. Send one person out of the room.
2. Select a student to hide the hat somewhere in the room where it is in plain view from at least one angle.
3. Invite the person back in the room to find the hat.
4. Everyone should give clues by “mooring” more loudly as the person gets closer to the hat, and mooring more softly as the person moves farther from the hat.
5. Encourage the searcher to keep moving and listen to the clues.
6. Encourage the cows to give accurate “moos.”
7. When the hat is found, everyone gives a big, “Yahoo!”
